## SPECIFICATIONS

**UX250X:** 250X white duck mesh curtain. Flame resistant curtain, highly durable and resistant to abrasions. Easily laundered up 160 degrees F, no ironing necessary. 100% nylon washable mesh that is flame retardant. Mesh openings are aprx 1/2" to allow air flow and water spray in case of a fire. Standard width of mesh is 21". Ceiling height along with W x H curtain sizes must be supplied.

**Standard Sizes (Other sizes available upon request):** 72"H x 84"W, 84"H x 84"W

## INSTALLATION

Recommended: UX169 stainless steel shower curtain hooks to connect to AJW shower curtain rods. Various types of flanges are available to secure rod and curtain to mounting surface (exposed and concealed).

Curtains are measured W x H. The same curtain will fit a 1 or 1 1/4" diameter rod.
